

Organized activities are planned and coordinated for single adults for the purpose of fun, fellowship and spiritual edification. This is an opportunity for the single adults to find out particular interests of others. Activities are planned on a regularly scheduled basis. This may include special activities for specific classes or groups of singles, including:

Single-again (widows, widowers, divorced)

Single parents

Never-married

College and career

Special activities are planned for the purpose of building relationships and influencing those who may be nonmembers of the local assembly. Information relative to other scheduled conferences, seminars for singles, is shared with the group. Participation in these events is encouraged as well.
